SUMMARY

Final-year Computer Science undergrad with hands-on experience in frontend development and WordPress. Proven ability to deploy tracking scripts, customize web architectures using JavaScript, and optimize site performance through data-driven SEO practices. Seeking to leverage technical skills in JavaScript and SQL to excel as a Junior Web Analytics Developer at DataVinci.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), Java, SQL, Python, PHP (Basics), C.
- **Web Development:** HTML5, CSS3, Bootstrap, React.js, Node.js.
- **Analytics & SEO:** On-page SEO, Meta tags, Site speed optimization, Keyword-aware structuring.
- **Tools:** Google Tag Manager (Conceptual), Git, GitHub, VS Code, Netlify, WordPress.

PROFESSIONAL EXPERIENCE

WordPress Developer Intern

2024 – 2025

Remote Internship

- Developed and maintained live websites, ensuring accurate site layout and functional integrity.
- Wrote custom HTML/CSS and JavaScript to implement frontend fixes and enhance user interactivity.
- Applied on-page SEO practices including meta descriptions and image alt-text to improve data visibility and search rankings.
- Configured plugins and themes to ensure seamless data collection and responsive performance across mobile and desktop.

AI Intern (AICTE Virtual Internship)

2024

- Built and tested AI/ML pipelines using Python, focusing on data processing and independent deliverable management.

PROJECTS

Weather Forecasting Web App | *HTML, CSS, JavaScript, REST API*

- Developed a responsive app fetching real-time JSON data; managed full workflow from local development to Netlify production.
- Implemented asynchronous API calls to display live temperature and humidity metrics for global cities.

Airline Management System | *Java, OOP*

- Created a backend-style console system to manage bookings and schedules using OOP principles like encapsulation and inheritance.

EDUCATION

Supreme Knowledge Foundation Group of Institutions (MAKAUT)

2022 – 2026

Bachelor of Technology, Computer Science and Engineering | **CGPA: 7.33**

Kendriya Vidyalaya Sangathan (CBSE)

2022

Class XII | **Percentage: 68%**

CERTIFICATIONS

- NPTEL: Python for Beginners (IIT Madras)
- NPTEL: Soft Skills Development
- Attendee: ICDMAI 2025 - LLMs and Trustworthy AI
